

**SUBJECT:** Tool for Amp Electrical Connector  
**VEHICLES:** All Fuel Injected Models - 2V & 4V  
 (8 Cylinder)

**SERVICE INFORMATION:**

The above tool (P.N. 95971514) is now available through our Ferrari North America Parts Department. This tool is to be used when it becomes necessary to remove the round metal electrical connector from the plastic mounting (Amp "Universal Maten-Lock"). The plastic mounting are used on the engine harness of 308 Fuel Injected Models.

With reference to the layout, it must be used as follows:

- a) With knob (B) raised, fit the tool (A) on the connector (Fig. 1).
- b) Fully slide the tool onto the connector in order to unfasten the 2 springs (Fig. 2); then push down button (B) in order to squeeze the connector out of the plastic mounting.

The Service Centers who will not receive this tool directly, are invited to order it to the Ferrari North America Parts Department.
