

SUBJECT: AIR CLEANER
VEHICLES: 308 Fuel Injected Engines-GTSi/GTBi/M-8
(Up to C.N. 37119)

SERVICE INFORMATION:

To prevent inadvertent misalignment of the air filter cartridge P.N. 115743 during routine maintenance, Ferrari Spare Parts Department has available an additional metallic frame P.N. 118510. This frame should be positioned as shown in Fig. I-D in order to insure proper holding of the air filter cartridge inside the air filter box.

Starting with C.N. 37121, the upper shell of the air cleaner box Fig. I-B incorporates a feature that prevents any inadvertent misalignment of the air filter cartridge during routine maintenance.

NOTE: Air filter cartridge remains, of course, unchanged (P.N. 115743)
